Summary

ESP32 Cam Case for the bigger USB-C board

[3D Printers](#) > [Prusa Parts & Upgrades](#)

Tags: [prusa](#) [case](#) [esp32cam](#) [usbc](#)

Made this model for my ESP32 Cam with the bigger USB-C board based on the great original design. Mounted with a special adapter for my old webcam arm.

I remixed the arm based on the [design](#) of Scott_7577 and used his Clipon Mount for my printer.

This remix is based on

ESP32 camera case

by Michal Fanta
